

# 2.05V ADMINISTRATION OF FIRST AID

**Lutheran  
Education**  
VIC, NSW & TAS

QUALITY AREA 2 | VERSION 1.0

## PURPOSE

This policy provides a clear set of guidelines for the administration of first aid at LEVNT EC Services.

## POLICY STATEMENT

### VALUES

LEVNT EC Services are committed to:

- providing a safe and healthy environment for all children, early childhood teachers, educators, staff and others attending the service
- providing a clear set of guidelines in relation to the administration of first aid at the service
- ensuring that the service has the capacity to deliver current approved first aid, as required.

### SCOPE

This policy applies to the approved provider, persons with management or control, nominated supervisor, persons in day-to-day charge, parents/guardians, student educators, volunteers and contractors attending LEVNT EC Services, including during offsite excursions and activities.

### BACKGROUND

First aid can save lives and prevent minor injuries or illnesses from becoming major ones. The capacity to provide prompt basic first aid is particularly important in the context of an early childhood service where staff have a duty of care and obligation to assist children who are injured, become ill or require support with administration of medication.

Legislation that governs the operation of approved children's services is based on the health, safety and welfare of children, and requires that children are protected from hazards and harm. The *Education and Care Services National Regulations 2011* state that an approved provider must ensure that at least one educator with current approved first aid qualifications is in attendance and immediately available at all times that children are being educated and cared for by the service. Under the *Education and Care Services National Law Act 2010*, the *Australian Children's Education and Care Quality Authority (ACECQA)* are required to publish lists of approved first aid qualifications. These lists are available at: [www.acecqa.gov.au](http://www.acecqa.gov.au). As a demonstration of duty of care and best practice LEVNT recommends all educators have current approved first aid qualifications.

It is also a requirement that employers have appropriate first aid arrangements in place, including first aid training, first aid kits and first aid facilities, to meet their obligations under the *Occupational Health and Safety Act 2004*. WorkSafe Victoria has developed a Compliance Code First aid in the workplace that provides guidance on how these obligations can be met.

### DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms refer to the Definitions file of each LEVNT EC policy folder.

**First aid kit:** The Compliance Code: First aid in the workplace, developed by WorkSafe Victoria, lists the minimum requirements for a first aid kit. The Compliance Code: First aid in the workplace is available at: [www.worksafe.vic.gov.au](http://www.worksafe.vic.gov.au)

**Resuscitation flowchart:** Outlines the six steps involved in resuscitation: danger, response, airways, breathing, compression and defibrillation. The Australian Resuscitation Council provides flowcharts for the resuscitation of adults and children free of charge at: <https://resus.org.au/guidelines/flowcharts-3/>

## RESPONSIBILITIES

In addition to the table below, the Approved Provider, persons with management and control, nominated supervisor and/persons in day-to-day charge are responsible for meeting requirements set out in [Attachment 1: Approved Provider and Nominated Supervisor Responsibilities](#). Actions which are legislated requirements of the ECEC sector are indicated with **LR**.

	Approved provider and/or persons with management and control	Nominated supervisor and persons in day-to-day charge	Early childhood teachers, educators and all other staff	Parents, guardians and carers	Contractors, volunteers and those on student placement
Ensuring that every reasonable precaution is taken to protect children, staff and others at the service from harm and hazards that are likely to cause injury ( <i>National Law: Section 167</i> )	LR	LR	✓		
Assessing the first aid requirements for the service. A first aid risk assessment can assist with this process and be undertaken quarterly as indicated by the LEVNT EC Service Leaders' Annual Actions Calendar.	LR	✓	✓	✓	
Ensuring that at least one educator with current approved first aid qualifications is in attendance and immediately available at all times that children are being educated and cared for by the service (Regulation 136(1) (a)).	LR	✓			
Ensuring that the prescribed educator-to-child ratios are met at all times (refer to Supervision of Children Policy)	LR	✓	✓		
Appointing a staff member or nominated supervisor to be the nominated first aid officer. This is a legislative requirement where there are 10 or more employees but is also considered best practice where there are fewer than 10 employees	LR	✓			
Advising families that first aid kits can be inspected on request	✓	✓	✓	✓	
Providing and maintaining an appropriate number of up-to-date, easily recognisable, readily accessible, suitably equipped first aid kits, with in-date products that meet Australian Standards. The appropriate number of kits will depend on the number of children in the service, the number of rooms and their proximity to each other, and distances from outdoor spaces to the nearest kit.	LR	✓		✓	
Ensuring procedures are developed for the regular monitoring of all first aid kits	LR	✓			
Ensuring defibrillators are maintained and regularly tested and serviced, including cyclical replacement of pads and batteries as per manufacturer specifications	LR	✓			
Ensuring a risk assessment is conducted prior to an excursion to identify risks to health, safety, or wellbeing and specifying how these risks will be managed and minimised (Regulations 100, 101, 102B, 102C). Refer to Excursions and Service Events Policy and Road Safety and Safe Transport Policy	LR	✓	✓		
Ensuring that the Ambulance Victoria How to Call Card is displayed near all telephones or in a visible location.		✓	✓		
Providing and maintaining a portable first aid kit that can be taken offsite for excursions and other activities	LR	✓	✓	✓	
Ensuring that parents are notified within 24 hours if their child is involved in an incident, injury, trauma or illness at the service and recording details on the Incident, Injury, Trauma and Illness Record	LR	✓	✓		
Implementing appropriate first aid procedures when necessary		✓	✓	✓	
Maintaining current approved first aid qualifications, and qualifications in anaphylaxis management and emergency asthma management, as required		LR	LR		
Practicing CPR and administration of an auto-injector at least annually (in accordance with other service policies)		LR	LR		

Ensuring that all children are adequately supervised (refer to the Supervision of Children Policy) while providing first aid and comfort for a child involved in an incident or suffering trauma	LR	✓	✓		
Ensuring that the details of any incident requiring the administration of first aid are recorded on the Incident, Injury, Trauma and Illness Record no later than 24 hours after the occurrence (refer to Incident, Injury, Trauma and Illness Policy)	LR	✓	✓		
Ensuring the parent/guardian reads and signs the Incident, Injury, Trauma and Illness Record		✓	✓	✓	
Notifying the approved provider or nominated supervisor six months prior to the expiration of their first aid, asthma or anaphylaxis accredited training		✓	✓		
Ensuring all out of date first aid kit contents are disposed of safely.	✓	✓	✓		
Providing the required information on the service's medication record when a child requires administration of medication (refer to Administration of Medication Policy)	LR	LR	✓	LR	
Notifying the service of any medical conditions or specific medical treatment required for their child. Where necessary, in consultation with staff, develop appropriate medical management plans and risk minimisation plans (e.g. asthma, anaphylaxis). Providing any required medication. (refer to Asthma Policy and Anaphylaxis Policy)				LR	
Providing written consent (via the enrolment record) for service staff to administer first aid and call an ambulance, if required				LR	
Being contactable, either directly or through emergency contacts listed on the child's enrolment record, in the event of an incident requiring the administration of first aid				✓	

## EVALUATION

In order to assess whether the values and purposes of the policy have been achieved, the Approved Provider will:

- regularly seek feedback from everyone affected by the policy regarding its effectiveness
- monitor the implementation, compliance, complaints and incidents in relation to this policy
- assess whether a satisfactory resolution has been achieved in relation to issues arising from this policy
- keep the policy up to date with current legislation, research, policy and best practice
- revise the policy and procedures as part of a policy review cycle, or as required
- notify all stakeholders affected by this policy at least 14 days before making any significant changes to this policy or its procedures, unless a lesser period is necessary due to risk

## AUTHORISATION & REVIEW

This policy was adopted by Lutheran Education VIC, NSW, TAS and ACT Ltd on behalf of the Approved Provider for this service on 4 August 2022.

**REVIEW DATE** September 2023 or earlier as required.

## ATTACHMENTS

### ATTACHMENT 1: Approved Provider and Nominated Supervisor Responsibilities

In addition to the responsibilities outlined in the table above, the Approved Provider and/or persons with management and control, and the Nominated Supervisor and/or persons in day-to-day charge have a number of additional responsibilities relevant to their position.

In relation to the Administration of First Aid Policy, these responsibilities include:

- **Ensuring that first aid training details, and renewal dates are recorded on each staff member's record**
- **Ensuring safety signs showing the location of first aid kits are clearly displayed**
- Ensuring there is an induction process for all new staff, casual and relief staff, that includes providing information on the location of first aid kits and specific first aid requirements
- **Notifying DET within 24 hours of a serious incident (refer to Definitions) occurring at the service**
- Ensuring that staff are offered support and debriefing following a serious incident requiring the administration of first aid (refer to Incident, Injury, Trauma and Illness Policy)
- **Ensuring a resuscitation flow chart is displayed in a prominent position in the indoor and outdoor environments of the service**
- Keeping up to date with any changes in procedures for administration of first aid and ensuring that all educators are informed of these changes

**ATTACHMENT 3: FIRST AID RISK ASSESSMENT FORM**

1.	How many people work at the service (estimate for most days)?					
2.	How many children are enrolled at the service (write the number)?					
3.	Do people regularly work in the service after hours?					
4.	Do people work on their own after hours, including on weekends? If yes, approximately how many, how often and for how long at any one time?					
5.	Describe the nature of incidents, injuries or illnesses that have occurred in the service over the last 12 months (if possible, attach a summary of the incident reports)					
6.	Where is the nearest medical service and how long would it take to get an injured person to this service?					
7.	Where is the nearest major hospital with accident and emergency services in operation during service hours? How long would it take to get an injured person to this hospital?					
8.	What type of, and how many, first aid kits are available at the service?					
9.	Are the contents of first aid kits complete and up to date as per the contents list?					
10.	Where are the first aid kits located?					
11.	How many current first aid officers are there at the service? (List the number, approved first aid qualifications and qualification expiry dates)					
12.	Identify and list specific hazards and where they may be located	<b>Hazards</b> Cleaning products			<b>Location</b> Storeroom	
13.	Are there any specific hazards or health concerns that require specific first aid kits or treatment (such as anaphylaxis, asthma etc.)? If yes, list the particular hazards or health concerns and where the specific first aid requirements are kept	<b>Hazards /health concerns</b>	<b>Specific first aid requirements</b>	<b>Specific training required</b>	<b>Staff have appropriate training</b>	<b>Location of first aid equipment</b>
14.	Is there an induction process for all new staff that includes location of first aid kits, specific first aid requirements and so on?
