

6.01FV ENROLMENT AND ORIENTATION POLICY (FREE KINDER)

QUALITY AREA 6 | VERSION 1.23

PURPOSE

This policy provides a clear set of guidelines for:

- enrolling a child at a LEVNT Funded Kindergarten (Victoria) Services.
- the orientation of new families and children into LEVNT Funded Kindergarten (Victoria) Services.
- ensuring compliance with Victorian and national legislation, including disability discrimination, anti-discrimination, human rights laws, No Jab No Play and the Department of Education (DE) Kindergarten Funding Guide.
- ensuring access to participation, especially for vulnerable and disadvantaged children.
- ensuring early entry applicants (this includes children younger than three years and children younger than four years old on 30 April in the year they will attend kindergarten) are given equitable access to enrolment.
- adhering to DE's priority of access requirements for both three and four-year-old children.

POLICY STATEMENT

VALUES

In order to fulfil our mission, LEVNT ECS Service operate to educate children in a Christian environment by providing inspiring education opportunities that enable them to reach their full potential. The foundation of Lutheran Education is the gospel of Jesus Christ which informs all learning and teaching, all human relationships and all activities of LEVNT EC Services.

Therefore, LEVNT EC Services are committed to:

- ensuring families are aware of the Christian ethos of the LEVNT EC Service
- families feeling respected, safe and supported during the enrolment process.
- ensuring families who may experience barriers to accessing kindergarten are proactively engaged.
- being flexible and catering for unique family circumstances and needs.
- being transparent in the enrolment process and allocation of places through consistent communication and information sharing.
- ensuring the registration, allocation and enrolment process is simple to understand, follow and implement.
- maintaining confidentiality in relation to all information provided for enrolment.
- promoting fair and equitable access to kindergarten programs, including those who face barriers to participation.
- enrolling Early Start Kindergarten eligible children into full 15 hours of kindergarten program.

SCOPE

This policy applies to the Approved Provider, persons with management or control, nominated supervisor, persons in day-to-day charge, early childhood teachers, educators, staff, students, volunteers, parents/guardians, children and others attending the programs and activities of LEVNT EC Services, including offsite excursions and activities.

BACKGROUND

The *Education and Care Services National Regulations 2011* require approved services to have a policy and procedures in place in relation to enrolment and orientation (*Regulation 168(2) (k)*).

All eligible Victorian children (refer to Definitions) will have access to two years of Free Kinder before commencing school. Where demand is higher than availability, approved providers must adhere to their eligibility and DE's Priority of Access criteria (refer to Definitions and Attachment 1) in order to allocate the available places. The criteria used to determine the allocation of places takes account of the requirements set out in DE's Kindergarten Funding Guide (refer to Sources), the service's philosophy, values and beliefs, and the provisions of the Equal Opportunity Act 2010. The Victorian Government requires funded organisations to ensure that their policies and procedures promote equal opportunity for all children. Services participating in a central registration and enrolment scheme are required to comply with the registration and/or enrolment procedures of that scheme.

The Central Registration and Enrolment Scheme (CRES), co-designed by DE provides access to families to register for and secure a place for their children in kindergarten. It is a collaborative model that brings together councils, service providers, MCH staff, support services and other stakeholders to support children and their families. Currently more than half of all local councils across Victoria operate a form of central enrolment or central registration scheme. These schemes provide a single point of entry for families, simplifying the kindergarten enrolment process and improving equity of access.

Immunisations are an effective means of reducing the risk of vaccine preventable diseases. Early childhood education and care services which are regulated under the *Education and Care Services National Law Act 2010* and *Education and Care Services National Regulations 2011* have legislative responsibilities under the *Public Health and Wellbeing Act 2008* to only offer a confirmed place in their programs to children with an Australian Immunisation Register (AIR) Immunisation History Statement.

DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms refer to the Definitions file of each LEVNT EC policy folder.

Access to Early Learning (AEL): is an early intervention program for a child who is at least three years old on April 30th in the year of enrolment. It aims to provide intensive support to eligible families with multiple and complex needs, assisting them to access universal kindergarten programs.

Australian Immunisation Register (AIR) Immunisation History Statement: The AIR is a national register administered by Medicare that records all vaccinations given in Australia, including to children. In the case of medical contraindication, an authorised medical practitioner completes and signs a Medical Exemption Form and supplies it to the AIR (previous forms of documentation, for example a letter from a GP or local council, are no longer acceptable).

Authorised nominee: (In relation to this policy) is a person who has been given written authority by the parents/guardians of a child to collect that child from the education and care service. These details will be on the child's enrolment form.

Children/families experiencing vulnerability and/or disadvantage (in relation to this policy): children are vulnerable if the capacity of parents and family to effectively care, protect and provide for their long-term development and wellbeing is limited. Some factors which may contribute to a child experiencing vulnerability include: a child with a disability; living in a family with a low income, or one which is experiencing problems with housing, domestic violence, substance abuse, or mental health; known to child protection; in statutory out-of-home care; Aboriginal and/or Torres Strait Islander, having a culturally and linguistically diverse background; having a young or sole parent, or a parent with a disability (adapted from the Kindergarten Funding Guide)

Children with additional needs: Children whose development or physical condition requires specialist support or children who may need additional support due to language, refugee or asylum seeker experience, complex trauma, cultural or economic circumstances (refer to Inclusion and Equity Policy) (refer to Children/families experiencing vulnerability and/or disadvantage Definition).

Central Registration and Enrolment Scheme (CRES): CRES provides a single point for families to apply for multiple kindergarten services within a local government area, helping them secure a place that meets their needs and enabling funded kindergartens to work collaboratively with other services to engage vulnerable and disadvantaged families.

Early Start Kindergarten (ESK): Early Start Kindergarten provides eligible children with 15 hours of free or low-cost kindergarten each week led by a qualified Victorian Institute of Teaching (VIT) registered teacher. ESK is available to children who are at least three years old by 30 April in the year they are enrolled to attend the program and are:

- from a refugee or asylum seeker background, or
- Aboriginal and/or Torres Strait Islander, or
- known to child protection.

These children can also access free or low-cost year-before-school kindergarten through the ESK Extension Grant regardless of whether they have accessed ESK in the previous year.

Eligible child: as defined by the Victorian DE Kindergarten Funding Guide:

- a child who is at least four years old on 30 April in the year of attendance; enrolled for at least 15 hours per week or 600 hours per year in a Four-Year-Old Kindergarten; and not enrolled at a funded kindergarten program at another service.
- a child who is at least three years old on 30 April in the year of attendance and is enrolled in a funded Three-Year-Old Kindergarten for a minimum of 5 hours per week.

- any child that is enrolled in an early childhood and education and care service must have an AIR Immunisation History Statement that indicates that the child is fully vaccinated for their age or who qualifies for the 16-weeks grace period.

Kindergarten application fee: a payment to cover administrative costs associated with the processing of a child's enrolment application for a place in a program at the service, if applicable. This is a non-refundable fee and does not guarantee enrolment in our funded kindergarten programs.

Kindergarten application: The process of families providing initial information about their child (usually via an Application Form) to confirm their intention to enrol in kindergarten, administered by the kindergarten service. This includes collection of basic contact information, kindergarten preferences and any other details that may inform prioritised allocation in kindergarten.

The process of families and carers giving initial information about their child to confirm their intention to enrol in kindergarten, administered by the service provider. This includes collection of basic contact information, kindergarten preferences and any other details that may inform prioritised allocation in kindergarten.

Kindergarten enrolment deposit: A charge to secure a place that has been offered in a program at the service. This should not act as a barrier to enrolling for any families. Services must ensure that families understand that the enrolment deposit will only be refunded if the child commences in the service (*refer to Free Kindergarten Fees Policy*). LEVNT EC Services will not be charging Kindergarten enrolment deposits while the Free Kindergarten initiative exists.

Enrolment record: the collection of documents which contains information on each child as required under the National Regulations (*Regulations 160, 161, 162*) including but not limited to parent details; emergency contacts; authorised nominee; transportation authorisations, details of any court orders; and health information including immunisation status. Enrolment records are stored securely in the service due to their confidential nature. This can be stored digitally or physically. The record must be kept securely until the end of three years after the child's last attendance.

Grace period: allows specific categories of children of families experiencing vulnerability and disadvantage to enrol and attend the service without an AIR Immunisation History Statement or when the statement is assessed as not being up to date. Services complete the grace period eligibility form with families during enrolment and keep a copy with the child's enrolment record. The 16-week grace period starts on the first day of the child's attendance at the service. During the grace period, the service is required to take reasonable steps to obtain the AIR Immunisation History Statement and to encourage families to access immunisation services.

Local Government Area (LGA): a geographic area governed by a local council or shire.

Priority of access: in instances where more eligible children apply for a place at a service than there are places available, the service must allocate spaces using the criteria outlined in the DE Kindergarten Funding Guide (*refer to Attachment 3 and Sources*).

School Readiness Funding: funding provided by DE for programs and supports that builds the capacity of kindergarten services, educators and families to support children's learning and development outcomes.

Second year of funded four-year-old kindergarten: second year eligibility may be considered when a child shows delays in key outcomes of learning and development. The assessment process begins in Term Three and is carried out for each child by their early childhood teacher. Assessments are submitted in Term 4 (the year before the child is to attend school) when a second year is being considered.

Types of Kindergarten Delivery: within kindergarten funding guidelines, services can offer *sessional* or *integrated* (within a long day care program) sessions for families.

Sessional kindergarten offers only 15 hours per child. Children attend on set days between the set hours. Programs are not CCS eligible.

Integrated kindergarten programs offer a funded kindergarten program within a long day care program. Children attend up to 10+ hours per day and receive a funded kindergarten program within these hours. Families who are eligible are able to claim CCS to assist with daily fees.

SPECIFIC PROCEDURES

SERVICE OFFERINGS

All LEVNT Early Childhood services cater to the community they serve. Each year, services consider the kindergarten program that will be offered in direct response to the families on their waiting list.

Farmhouse Kinder, Tarneit is a *sessional* kindergarten service offering wrap around care for working families. All children are allocated two funded days per week, with the option of After Kinder Care programs at additional cost.

Good Shepherd Early Childhood Services, Hamilton offers both *sessional* and *integrated* funded kindergarten programs. Families can choose the type of delivery that best suits the needs of their family.

St John's Lutheran Kindergarten, Newtown offers *sessional* kindergarten programs within the site of Geelong Lutheran College: St John's Campus. Families can be flexible around pick up and drop off times to suit the needs of their child and fit within the routine of their family.

St Paul's Lutheran Kindergarten, Grovedale offers *sessional* kindergarten programs for 3- and 4-year-old children. The After Kinder Care programs offer additional care options for working families to enable them to access sessional kinder programs.

GENERAL APPLICATION PROCEDURES

LEVNT EC Services recommend families arrange a tour of the service prior to applying to the service waitlist, though this is not a requirement of application. Tours give families a chance to see how the service operates day-to-day, briefly meet with educators and discussion any questions or concerns they may have with the Service Leader, Assistant Service Leader or Administration Assistant.

An Application Form is available from each service's website.

Upon lodging an application form, payment of a non-refundable Application Fee is due (at services where this is applicable). Information about the Application Fee and payment details can be found on the Application Form. Children who are included in the DE Priority of Access (*refer to Attachment 3 and Sources*) are not expected to pay the Application Fee.

GENERAL ENROLMENT PROCEDURES

Upon receiving an offer of enrolment, families are required to return a completed enrolment form by the date outline of their letter of offer. Letters of offer and subsequent enrolment steps are delivered via email. Following the due date, the LEVNT EC Service will continue to move through their waiting list to make further offers of enrolment until all positions are filled and/or the waiting list is exhausted. LEVNT EC Services cannot hold places open without correspondence from the associated family, unless required by DE.

Upon enrolment, LEVNT EC Services will conduct a Parent Information Night for families. The purpose of information nights is to provide general information about the service that will assist children and their families to settle into the service. Information Nights' give further opportunity for families to ask any questions they might have.

GENERAL ORIENTATION PROCEDURES

The time required for orientation and settling in will vary for each child and their family, therefore it is important to be flexible and individualise orientation for each family. LEVNT EC Services will:

- Offer families the opportunity to visit the service at different times during the day/session. This allows the child and their family to become familiar with the various routines of the service.
- Provide reassurance to the family that they may stay with their child for as long as they choose during orientation and once the child commences.
- Provide the family with suggestions for developing and maintaining a routine for saying goodbye to their child.
- Reassure the family:
 - o they can leave their child initially for a shorter day, gradually increasing the length of time
 - o they may call and speak to their child's early childhood teacher or educator(s) at an agreed time
 - o the early childhood teacher/educators will keep them informed on how their child is settling in
 - o they will be informed about any changes or circumstances which may affect them or their child.
- Further considerations may include but are not limited to:
 - o send an email during the day to update the family on their child including a photo of the child (if the child has settled in). **Note:** For children in out-of-home care, the educator may need to seek permission from Child Protection before taking and distributing photos of the child
 - o asking the family how they have settled in and if they have any questions or concerns.

Individual LEVNT EC Services may have their own procedures (approved by the Approved Provider) which are outlined in Attachment 1: Related Service Specific Procedures.

EVALUATION

In order to assess whether the values and purposes of the policy have been achieved, the Approved Provider will:

- regularly seek feedback from everyone affected by the policy regarding its effectiveness.
- monitor the implementation, compliance, complaints and incidents in relation to this policy.
- keep the policy up to date with current legislation, research, policy and best practice.
- revise the policy and procedures as part of a policy review cycle, or as required.
- notify all stakeholders affected by this policy at least 14 days before making any significant changes to this policy or its procedures, unless a lesser period is necessary due to risk.

AUTHORISATION & REVIEW

This policy was adopted by Lutheran Education VIC, NSW, TAS and ACT Ltd as Approved Provider on 23 May 2024

REVIEW DATE October 2025 or earlier as required.

ATTACHMENTS

ATTACHMENT 1: Related Service Specific Procedures

Farmhouse Kinder is located in a council area that utilises a Central Registration and Enrolment Scheme (CRES). The CRES, co-designed by DE, provides access to families to register for and secure a place for their children in kindergarten. It is a collaborative model that brings together councils, service providers, MCH staff, support services and other stakeholders to support children and their families. In 2020 more than half of all local councils across Victoria operate a form of central enrolment or central registration scheme. These schemes provide a single point of entry for families, simplifying the kindergarten enrolment process and improving equity of access. Farmhouse Kinder is in the consultation phase of this initiative, and has not yet opted in.

ATTACHMENT 2: Eligibility and Priority of Access Criteria

The Approved Provider must notify all families of the priority of access (PoA) policy that applies when they enrol their child.

In instances where more eligible children apply for a place at a kindergarten service than there are places available, services must:

- prioritise children based on the Department of Education (DE) criteria listed below.
- work with other local kindergarten services and the regional office to ensure all eligible children have access to a kindergarten place.

These criteria must be used by the Approved Provider when prioritising enrolments. Guidance is available from the Department's regional offices if required.

All information relating to PoA criteria should be respectfully collected from families upon enrolment, recorded in the child's confidential enrolment record and entered into the Kindergarten Information Management System (KIMS), where applicable.

LEVNT EC Services will give priority of enrolment to:

- Children at risk of abuse or neglect, including children in Out-of-Home Care
 - Where the child is eligible for ESK or AEL, and/or
 - Family, carer or legal guardian identifies the child as know to Child Protection or in out-of-home-care, and/or
 - is referred by:
 - Child Protection
 - Child and family services (family services referral and support team, Child FIRST/integrated family services/Services Connect case worker)
 - Maternal and Child Health nurse, or
 - Out-of-Home Care provider.
- Aboriginal and/or Torres Strait Islander children
 - As part of the enrolment process, service providers must respectfully ask families 'is your child Aboriginal and/or Torres Strait Islander?' and record this information in KIMS
- Asylum seeker and refugee children
 - Child or family hold a visa or supporting documentation and information, including an ImmiCard, identifying the child and/or parents, carer or legal guardians as a refugee or asylum seeker and/or
 - referred as a refugee or asylum seeker by a CALD outreach worker
- Children who would be eligible for the Kindergarten Fee Subsidy
 - A child or parent holds a Commonwealth Health Care Card, Pensioner Concession Card, Veteran's Affairs Card, or
 - multiple birth children (triplets, quadruplets)
- Children with additional needs, defined as children who require additional assistance in order to fully participate in the kindergarten program, or require a combination of services which are individually planned, or have an identified specific disability or developmental delay where the child:

- holds a Child Disability Health Care Card and/or
- has previously been approved for Kindergarten Inclusion Support Package, or referred by:
 - the National Disability Insurance Scheme
 - Early Childhood Intervention Service
 - Preschool Field Officer, or
 - Maternal and Child Health nurse, or
 - is assessed as having delays in two or more areas and is declared eligible for a second year of funded Four-Year-Old Kindergarten

Locally agreed criteria for children not identified as high priority

Service providers may apply one or more locally agreed criteria to prioritise children and determine the order in which offers are made, such as residential proximity or a demonstrable link to the service.

LEVNT EC Services apply the following criteria to prioritise children (after the DE Priority of Access above):

- current children transitioning to kindergarten programs at the same LEVNT EC service
- siblings/children of current and/or past students of the same LEVNT EC Service

This criterion must be documented and communicated with families and kindergarten places should be allocated in accordance with anti-discrimination and human rights laws.

ATTACHMENT 3: Early Start Kindergarten and Three-Year-Old Kindergarten

During the roll-out of Three-Year-Old Kindergarten, Early Start Kindergarten (ESK) will continue to provide 15 hours a week of funded kindergarten for all eligible children up until 2029, when three-year-old children across the state will have access to 15 hours.

It is important to continue to enrol eligible children in ESK, even if funded Three-Year-Old Kindergarten is available at the service.

This guarantees that children experiencing vulnerability will continue to be enrolled in the full 15 hours of kindergarten in all service settings, including long day care. It also ensures that service providers can continue to receive all funding entitlements.

Service providers are expected to continue to provide the full 15 hours funded through Early Start Kindergarten, even in instances where three-year-old groups are being offered fewer than 15 hours.

ESK is available to children who turn three years of age by 30 April in the year of enrolment and who:

- are Aboriginal and/or Torres Strait Islander
- are known to Child Protection
- have a refugee or asylum seeker background*

*Children/families without a current refugee visa or ImmiCard who have a recent refugee experience may be eligible by exception for Early Start Kindergarten, for more information contact your local Department of Education and Training office.
